Las Trampas Pool: Website v2 Plan

Draft for the board · prepared for Gene Maggio · October 2026 · target: MVP live before the May 2027 opening

Outdoor pool on a summer day (stock placeholder, to be replaced with Las Trampas photos)

1. Vision

One club, one login, one place. A member opens lastrampaspool.com (or the app) and sees **their summer** at a glance:

- the lap lanes they've booked and who their buddy is
- the socials they've RSVP'd to and the volunteer shifts they've signed up for
- what they owe, and whether their volunteer deposit is earned back
- this month's update and the latest photos from the deck

The public sees a warm, photo-led site that sells the club to prospective families and the waitlist.

Design principles (Gene's preferences):

- **Real photos** of our pool, lawn and events, not vector illustrations
- **Prominent section headers** with clear visual separation (cards, bands, generous spacing)
- **Mobile-first**, because most members will use it on the pool deck. Still roomy on desktop
- **Volunteer-maintainable**: every recurring task (posting an update, adding an event, uploading photos) must be possible without code

2. Access tiers

One account per person, linked to a household. The tier is computed from membership status, the waiver for the season, and board role. **It's the same login everywhere.**

Tier	Who	Can see / do
Public	Anyone	Home, About & History, Membership & Join/Waitlist, public event teaser, swim team & lessons links, Contact
Member	Adults and teens in a household with paid dues for the season	Everything public, plus My Schedule, socials RSVP, volunteer shifts, payments & dues, directory, monthly updates archive, photo gallery, handbook & bylaws, party reservations
Lap-swim cleared	A Member **with a signed lap-swim waiver for the current season** (adults; teen 15–17 terms are an open question)	Everything Member, plus the lap lane booking grid, buddy visibility, and the **gate code** (shown only for a confirmed booking)
Board / admin	Board members & delegated volunteers (role per area)	Admin console: events & slots, waiver status, attendance, volunteer credit, newsletter/updates posting, photo uploads, member records, reports

Rules of thumb:

- The waiver resets every season.
- Lap-swim-only memberships ($525, invite-only) get Member + Lap-cleared, but no party reservations. (Board to confirm.)
- Admin rights are scoped (Social chair, Lap swim VP, Treasurer, Webmaster), not all-or-nothing.

3. Sitemap (v2)

PUBLIC · anyone

- **Home**
- **About**
  - History (since 1958)
  - Board & contacts
  - Facilities & map
- **Membership**
  - Join / Waitlist ($100)
  - Renewal info
  - FAQ
- **Events (public teaser)**
- **Programs**
  - Swim Team → ltst.org
  - Lessons → ltst.org
  - Spiritwear → Elsmore Swim
- **Contact**

MEMBER · one login

- **My Home ← dashboard**
  - My Schedule
  - Dues & payments card
  - Monthly update card
  - Photo strip
- **Lap Swim [Lap-cleared]**
  - Waiver (once per season)
  - Book a lane (grid)
  - My bookings & buddy
  - Gate code (when confirmed)
- **Socials & Volunteering**
  - RSVP + tickets
  - Volunteer shifts (deposit credit)
- **Party Reservations ($100/slot)**
- **Payments & Dues (history, receipts)**
- **Updates (monthly archive)**
- **Photos (albums by event)**
- **Directory**
- **Handbook & Bylaws**
- **My Account (household, notifications)**

ADMIN · board roles

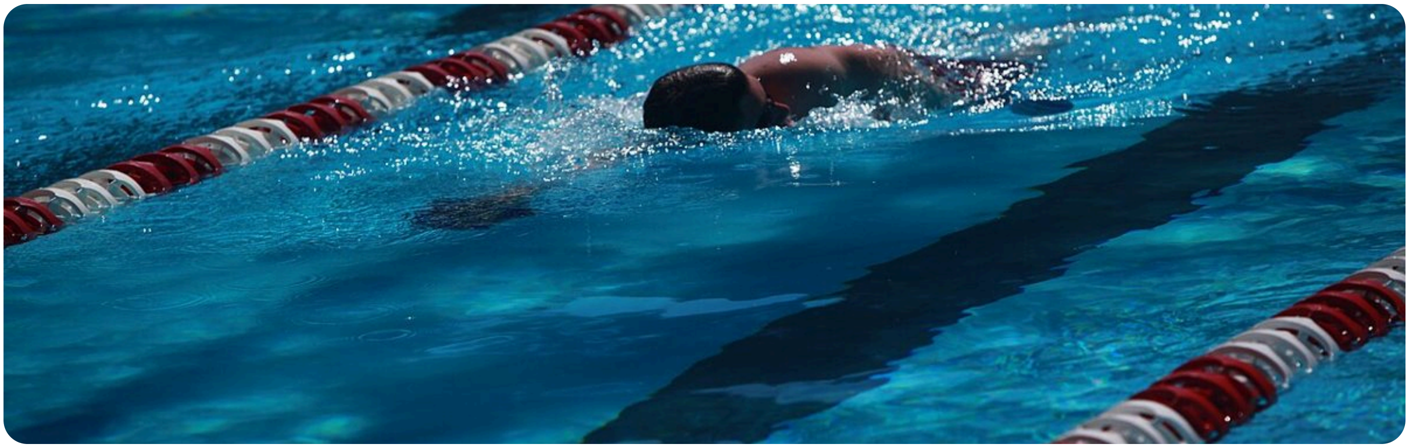
- **Events & slots**
- **Lap swim: lanes, rules, blocks**
- **Waiver status (season)**
- **Attendance / check-in**
- **Volunteer credit & refunds**
- **Updates & newsletter**
- **Photos (upload, approve)**
- **Members & households**
- **Reports & exports**

What changes from today:

- The broken `/events` link and the empty Programs/About pages become real content.
- Lap swim moves **inside** the member area. No SignUpGenius, no second login.
- Newsletters get an **archive**.
- Bylaws and the handbook are hosted on-site (member-only).
- Board emails are unified on one role-address scheme.

4. Key user journeys

4.1 Lap swim: login → waiver once → book with buddy → gate code



Lap lanes (stock placeholder)

1. **Log in** with the normal member login.
2. On the first lap-swim visit of the season, the member sees a **"Get cleared for lap swim" card**. They read the rules (adults only, no lifeguard, buddy required, no swimming alone), then **e-sign the waiver**. Their status flips to **Lap-cleared 2027** right away. No more emailing the VP.
3. **Book a lane.** The grid shows lanes 1–6 × time slots. Each cell shows: - **Open** - **1 booked: needs buddy** (amber) - **Buddy confirmed** (green), when two or more cleared swimmers are booked in the same slot - **Blocked** (swim team, lessons, maintenance) - **Mine**
4. **Booking limits** (board-set) apply, e.g. 3 slots/week, cancel by 9 pm the night before. The member can **invite a buddy** from cleared swimmers who've opted in to being visible.
5. **Day-of:** My Schedule shows the booking. The **gate code appears only** when the booking is today, the buddy rule is met, and the waiver is valid. If the buddy cancels, the member is notified and the code is hidden with a "find a buddy" prompt.
6. **After the swim:** an optional one-tap check-in creates the attendance record (the safety log).

4.2 Social: RSVP + volunteer shift + payment

BBQ (stock placeholder)

1. **Upcoming socials** (Opening Party, June/July BBQ, Las-Toberfest, Halloween swim, maintenance days) show as photo cards.
2. **RSVP** asks for the number of adults and kids, and supports capacity and a waitlist.
3. **Paid events:** the RSVP goes through Stripe/ACH checkout. Free events are one tap.
4. **"Help out?"** offers shifts on the same card (setup, grill, cleanup), with capacity per shift.
5. **Volunteer credit:** a completed shift (marked by the shift lead or by check-in) counts toward the **$50 volunteer deposit**. The member sees "Deposit: earned back ✓". The treasurer gets a refund report.
6. Everything lands in **My Schedule**, with an add-to-calendar (ICS) option.

4.3 My Schedule

- A single, date-ordered list: lap bookings (with buddy status), RSVP'd socials, volunteer shifts, and party reservations.
- Filters by type. "This week" by default.
- A personal **ICS feed** for Google/Apple calendars.
- Reminders by email or push the day before (member chooses).

4.4 Payments & dues

- A **dues card** with season status: renewal **$1,075 + $50 volunteer deposit** (due Feb 16; $1,175 after), new member $675, lap-swim-only $525, waitlist $100, party slot $100.
- Pay by **ACH (encouraged, lowest fee)** or card. Payment plans if the board allows.
- Receipts and household payment history. Deposit status is tied to volunteer credit.

4.5 Photos

Pool lawn (stock placeholder)

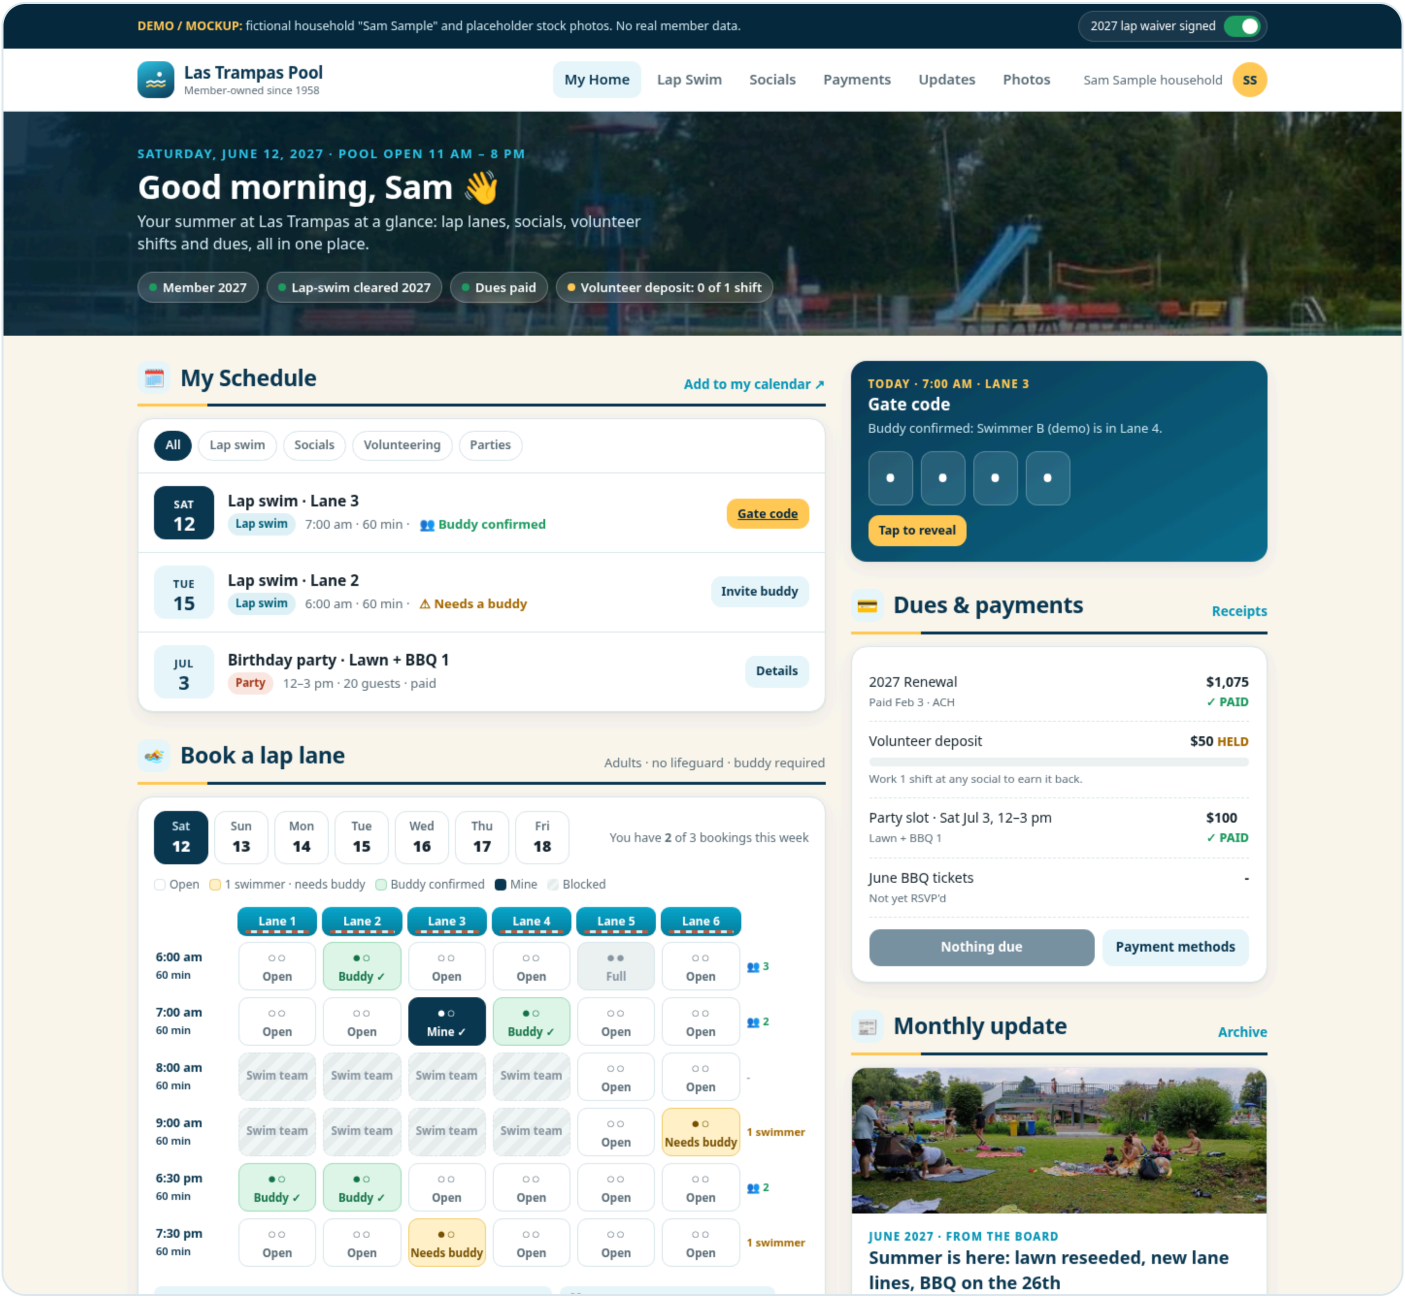
- Albums per event and season. Members can upload, and a board role approves before publishing.
- Member-only by default, with a public "best of" album for the home page.
- A **photo policy** (consent, no identifiable kids on public pages without opt-in) is in the open questions.

4.6 Monthly updates

- The board posts **one monthly update** (May–Oct, plus an off-season note) with a hero photo and sections.
- It's emailed to members and archived on the site.
- The home dashboard shows the latest update card.

4.7 Member home mockup

The clickable mockup is `03_member_home_mockup.html`, with fictional data. The desktop view is above the fold. Phone views show home with the gate code, the lane booking grid, and socials with RSVP/volunteer.



DEMO / MOCKUP: fictional household "Sam Sample" and placeholder stock photos. No real member data.

2027 lap waiver signed

Las Trampas Pool
Member-owned since 1958

SATURDAY, JUNE 12, 2027 · POOL OPEN 11 AM – 8 PM

Good morning, Sam 👋

Your summer at Las Trampas at a glance: lap lanes, socials, volunteer shifts and dues, all in one place.

● Member 2027 · ● Lap-swim cleared 2027 · ● Dues paid · ● Volunteer deposit: 0 of 1 shift

Sat Oct 2 · **Las-Toberfest**
4–8 pm · pretzels, brats, music
61 of 200 going

Sat Oct 30 · **Halloween Swim**
3–5 pm · costumes & pumpkin float
18 of 150 going

Mockup: phone screens

5. Admin features

Area	What admins can do
Events & slots	Create an event once with title, photo, date, capacity, price, RSVP fields and volunteer shifts. Clone last year's events. Create recurring lap-swim templates (lanes × times × days), with blocks for swim team, lessons and maintenance.
Waiver status	Season roster: signed, pending or expired. Waiver version history. Export a signed PDF. Revoke (e.g., a rule violation).
Attendance	Lap check-ins by date. Event RSVP vs. actual. No-show tracking.
Volunteer credit	Shifts completed per household. Deposit earned/forfeited. Treasurer refund export.
Updates & newsletter	Rich editor with photo blocks. Schedule a send. Archive automatically.
Photos	Bulk upload from a phone. Approval queue. Album management.
Members	Households, adults and teens, membership type, dues status, directory visibility.

Area	What admins can do
Reports & exports	CSV of everything. Season summary for the annual meeting.

6. Data migration (from MT and SignUpGenius)

Data	From	How	Notes
Households, members, contact info, membership type/status	MT	Excel/CSV export of membership records and directory	216 households. Dedupe emails. Map adults and teens
Payment history (current season)	MT accounting/orders reports	CSV export	Keep MT read-only through the end of 2026 for receipts
2026 lap waivers (signed)	MT data form submissions	Export responses and keep PDFs	New waiver required for 2027 anyway
Lap bookings	SignUpGenius	Export (if the plan allows) or archive	Only needed for history
Newsletters	MT email tool	Copy the last ~2 seasons into the archive	Manual. Low volume
Calendar	MT calendar / ICS	Re-create 2027 events	Use templates
Bylaws / handbook	Google Docs	Export to PDF or page	Members-only
Photos	Facebook/Instagram, board drives	Curated upload	With consent

If v2 is built **inside MT** (recommended for 2027), migration is limited to SignUpGenius and Google Docs. Everything else is reconfiguration.

7. Phased rollout

Phase	When	Scope
0. Decide	Oct–Dec 2026	Board review of this plan. MT support ticket on the four open capabilities. Confirm processor and fees. Member Splash demo as a benchmark. Pick the 2027 platform path.
1. MVP	Jan–Apr 2027 (soft launch Apr 15)	v2 navigation and home page with real photos. Member home (schedule, dues, update, photos). **Lap swim inside the member login** with a season waiver, lane grid, buddy visibility, and gate code behind the waiver. Social RSVP + volunteer shifts for the Opening Party and June BBQ. Newsletter archive. Fixes for broken links and empty pages.

Phase	When	Scope
2. Season	May–Jul 2027	Volunteer credit → deposit report. Photo albums with an approval queue. Attendance/check-in. Booking-limit tuning from real use.
3. Review	Sep–Oct 2027	Member survey + usage data. Decide whether to stay on MT, move to a swim-club platform, or build custom for 2028. Document the admin runbook for the board handoff.

8. Open questions for the board

1. **Buddy rule:** must the buddy be in the **same lane**, or just on deck during the same slot? Can a non-swimming adult be a buddy?
2. **Teens 15–17:** the current waiver mentions teen terms, but lap swim is "adults only". What's the policy?
3. **Booking limits:** how many slots per week per person? Cancellation cutoff? What about no-shows?
4. **Lap hours & blocks:** which hours each day, and which are blocked for swim team, lessons or maintenance?
5. **Gate code:** keep one shared seasonal code, or rotate it (weekly/monthly)? Who can see it, and when?
6. **Volunteer deposit:** how many shifts or hours earn back the $50? Which events count? Is a refund or credit applied to next year?
7. **Payments:** which processor is the club using now, and who pays the fees? Can we steer members to ACH?
8. **Photos:** consent and kids-on-public-pages policy. Who approves uploads?
9. **Directory privacy:** what's visible to all members by default?
10. **Maintainer & handoff:** who besides Gene can administer the site? What's the annual board transition process?
11. **Budget:** is the club willing to spend more than today's MT cost (e.g., $2,000/yr for a swim-club platform) if it removes volunteer workload?

Photos in this draft are stock placeholders from Wikimedia Commons (see `assets/CREDITS.md`). The final site should use real Las Trampas photos.
